2. Basis for the preparation of the interim condensed financial statements

These interim condensed financial statements as of 30 June 2023

have been prepared in accordance with IAS 34 "Interim Financial Reporting". They do not include all of the information and disclosures required in annual financial statements, and should be read in conjunction with the annual financial statements of the Company for the year ended 31 December 2022, which have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and approved by the European Union (EU).

The interim condensed financial statements are presented in Bulgarian leva (BGN), which is also the functional currency of the Company. All amounts are presented in thousand Bulgarian leva (BGN'000) unless otherwise stated.

The Company also prepares interim condensed consolidated financial statements in accordance with International Financial Reporting Standards (IFRS) developed and published by the International Accounting Standards Board (IASB) and approved by EU. Investments in subsidiaries are accounted for and disclosed in accordance with IFR 10 "Consolidated Financial Statements".

The interim condensed financial statements are prepared under the going concern principle.

3. Accounting policies

These interim condensed financial statements (the interim financial statements) have been prepared in accordance with the accounting policies adopted in the last annual financial statements for the year ended 31 December 2022.

4. Accounting estimates

For the purposes of preparing these interim condensed financial statements, the Company's management has applied accounting estimates and assumptions in valuing its assets, liabilities, income and expenses.

Actual results may differ from management's assumptions, estimates and assumptions and, in rare cases, are consistent with previously estimated results.

In preparing the presented interim condensed financial statements, the significant judgments of management in applying the Company's accounting policies and the main sources of uncertainty of accounting estimates do not differ from those disclosed in the annual financial statements of the Company as of 31 December 2022, except changes in the estimate of income tax liability.

5. New standards, amendments and interpretations to existing standards that are effective for annual periods beginning on or after 1 January 2023

The Company has adopted the new accounting pronouncements which have become effective this year, and are as follows:

Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 Interest Rate Benchmark Reform – Phase 2 effective from 1 January 2021 adopted by the EU

Amendments proposed are such that address issues that might affect financial reporting after the reform of an interest rate benchmark, including its replacement with alternative benchmark rates. Phase 2 of the project dealt with replacement issues, therefore, the amendments published address issues that might affect financial reporting when an existing interest rate benchmark is actually replaced.

Amendments to IFRS 16 Leases: Covid-19- Related Rent Concessions beyond 30 June 2021 effective from 1 April 2021 adopted by the EU

'Covid-19-Related Rent Concessions extends by one year, beyond 30 June 2021, the May 2020 amendment that provides lessees with an exemption from assessing whether a Covid-19-related rent concession is a lease modification. The Changes in Covid-19-Related Rent Concessions beyond 30 June 2021 (Amendment to IFRS 16) amend IFRS 16 to

- permit a lessee to apply the practical expedient regarding COVID-19-related rent concessions to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2022 (rather than only payments originally due on or before 30 June 2021);
- require a lessee applying the amendment to do so for annual reporting periods beginning on or after 1 April 2021;
- require a lessee applying the amendment to do so retrospectively, recognizing the cumulative effect of initially applying the amendment as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of the annual reporting period in which the lessee first applies the amendment;

and specify that, in the reporting period in which a lessee first applies the amendment, a lessee is not required to disclose the information required by paragraph 28(f) of IAS 8.

6. Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the Company

At the date of authorization of these financial statements, certain new standards, amendments and interpretations to existing standards have been issued, but are not effective or adopted by the EU for the financial year beginning on 1 January 2021 and have not been applied early by the Company. They are not expected to have a material impact on the Company's financial statements. Management anticipates that all relevant pronouncements will be adopted in the Company's accounting policies for the first period beginning after the effective date of the pronouncement.

A list of the changes in the standards is provided below:

Amendments IFRS 3 Business Combinations, IAS 16 Property, Plant and Equipment IAS 37 Provisions, Contingent Liabilities and Contingent Assets effective from 1 January 2022 adopted by the EU

Annual Improvements 2018-2020 effective from 1 January 2022 adopted by the EU

IFRS 17 "Insurance Contracts" effective from 1 January 2023, adopted by the EU

Amendments to IAS 1 Presentation of Financial Statements: Classification of Liabilities as Current or Non-current effective from 1 January 2023 not yet adopted by the EU

Amendments to IAS 1 Presentation of Financial Statements and IFRS Practice Statement 2: Disclosure of Accounting policies effective from 1 January 2023 not yet adopted by the EU

Amendments to IAS 8 Accounting policies, Changes in Accounting Estimates and Errors: Definition of Accounting Estimates effective from 1 January 2023 not yet adopted by the EU

Amendments to IAS 12 Income Taxes: Deferred Tax related to Assets and Liabilities arising from a Single Transaction effective from 1 January 2023 not yet adopted by the EU

Amendments to IFRS 17 Insurance contracts: Initial Application of IFRS 17 and IFRS 9 – Comparative Information effective from 1 January 2023 not yet adopted by the EU

IFRS 14 "Regulatory deferral accounts" effective from 1 January 2016, not adopted by the EU

7. Significant events and transactions

The economic environment in 2022 has been shaped by the recovery from the Covid-19 pandemic, the military conflict in Ukraine, the sharp rise in prices and the reversal of the interest rate cycle. Due to the recovery from the Covid-19 pandemic and the military conflict in Ukraine, oil and commodity prices have risen. The military conflict in Ukraine on a global scale caused new interruptions and restrictions on the supply of goods, food and raw materials, which caused further price increases.

Inflation with subsequent monetary tightening and the energy crisis are the basis of the economic slowdown in the European Union in the last quarter. Price pressures intensified and widened in 2022, with inflation hitting record highs in recent decades.

The Bulgarian economy slows down the growth after mid-2022 and the annual growth decreases quarter by quarter with the following values: 3.7%, 4.3%, 3.1% and 2.1%. Under the influence of external demand, the recovery of the Bulgarian economy in the first half of 2022 exceeded expectations. At the end of 2022, the share of government debt to GDP is 22.9% (2021: -23.4%), and according to preliminary data, the budget deficit on an accrued basis is 2.9%. The labour market in our country is stable with a low unemployment rate of 4.7%.

In 2022, the Covid-19 pandemic has gradually subsided, and its economic consequences are being overcome.

The conflict between Russia and Ukraine has had a significant impact on the global economy in various ways, mainly related to the prices of energy resources. Rising prices and inflation in the global economy are likely to have a wide-ranging impact on the Company related to its business model, supply chain, legal and contractual issues, employees, consumers and working capital.

The company has reviewed the exposure to increased credit risk in relation to counterparties operating in the affected territories, including and from the imposed sanctions. The Company's management analyses all facts and circumstances regarding the current activity and operations

with these counterparties. During the period, an expected credit loss was recognized in accordance with the Company's accounting policy.

Rising prices and inflation in the global economy are likely to have a wide-ranging impact on the Company related to its business model, supply chain, legal and contractual issues, consumers and working capital. The Company expects an increase in operating expenses, which may lead to an indexation of the holding fees it collects from subsidiaries. In 2022, interest rates on bank loans have not been changed.

In these conditions, the Company's management made an analysis and assessment of the Company's ability to continue its activity as a going concern based on the available information for the foreseeable future. Management expects that the Company has sufficient financial resources to continue its operations for the foreseeable future and continues to apply the going concern principle in the preparation of the separate financial statements.
