Notes to the interim condensed consolidated financial statements

1. Nature of operations

Chimimport AD was registered as a joint-stock company at Sofia city court on 24 January 1990. The address of the Company's registered office is 2 St. Karadja Str., Sofia, Bulgaria. The Company is registered on the Bulgarian Stock Exchange – Sofia on 30 October 2006. Chimimport AD (The Group) includes the parent company and all subsidiaries.

The Group is engaged in the following business activities:

- Acquisition, management and sale of shares in Bulgarian and foreign companies;
- Financing of companies in which interest is held;
- Bank services, finance, insurance and pension insurance;
- Securitization of real estate and receivables;
- Extraction of oil and natural gas;
- Construction of output capacity in the area of oil-processing industry, production of biodiesel and production of rubber items;
- Production and trading with oil and chemical products;
- Production of vegetable oil, purchasing, processing and trading with grain foods;
- Aviation transport and ground activities on servicing and repairing of aircrafts and aircraft engines;
- River and sea transport and port infrastructure;
- Commercial agency and brokerage;
- Commission, forwarding and warehouse activity.

The Company has a two-tier management structure consisting of a Supervisory Board and a Managing Board.

The members of the Supervisory Board are as follows:

Invest Capital AD
CCB Group EAD
Mariana Bazhdarova

The members of the Managing Board are as follows:

Alexander Kerezov
Ivo Kamenov
Marin Mitev
Nikola Mishev
Miroljub Ivanov
Tzvetan Botev

The Company is represented by its executive director Miroljub Ivanov

2. Basis for the preparation of the interim condensed financial statements

These interim condensed consolidated financial statements as of 30 June 2024 have been prepared in accordance with IAS 34 "Interim Financial Reporting". They do not include all of the information and disclosures required in annual consolidated financial statements, and should be read in conjunction with the annual consolidated financial statements of the Company for the year ended 31 December 2023, which have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and approved by the European Union (EU). Investments in subsidiaries are accounted for and disclosed in accordance with IFR 10 "Consolidated Financial Statements".

Elements of the interim consolidated financial statement of the Group are in the currency of the primary economic environment in which the Group companies carry out their activities ("functional currency"). The interim consolidated financial statements are presented in BGN, which is the functional currency of the parent-company. This is the functional currency of the parent company and subsidiaries, exception from the subsidiaries operating in Germany, and Slovakia, whose functional currency is the euro, the subsidiaries operating in Macedonia, whose functional currency is the Macedonian denar and subsidiaries operating in Russia, whose functional currency is the Russian ruble. The currency of the Group is the BGN.

The interim condensed consolidated financial statements are presented in Bulgarian leva (BGN), which is also the functional currency of the Company. All amounts are presented in thousand Bulgarian leva (BGN'000) unless otherwise stated.

The interim condensed consolidated financial statements are prepared under the going concern principle.

3. Accounting policies and significant changes during the period

3.1. Accounting policy

These interim condensed consolidated financial statements (the interim consolidated financial statements) have been prepared in accordance with the accounting policies adopted in the last annual consolidated financial statements for the year ended 31 December 2023.

3.2. Estimates

When preparing the interim condensed consolidated financial statements management undertakes a number of judgements, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses.

The actual results August differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results

In preparing these condensed interim consolidated financial statements, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual consolidated financial statements for the year ended 31 December 2023.

3.3. Financial risk management

The Group's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

The interim condensed consolidated financial statements do not include all financial risk management information and disclosures required in the annual consolidated financial statements; they should be read in conjunction with the annual financial statements as at 31 December 2023. There have been no changes in the risk management policies since year end.

4. Accounting estimates

For the purpose of preparing these interim condensed financial statements, management has applied accounting estimates and assumptions in the assessment of its assets, liabilities, income and expenses.

Actual results August differ from these estimates and management assumptions. Accounting estimates and assumptions applied in this interim condensed financial statements do not differ from the last annual financial statements of the Company as of 31 December 2023.

5. New standards, amendments and interpretations to existing standards that are effective for annual periods beginning on or after 1 January 2023

The Group has adopted the new accounting pronouncements which have become effective this year, and are as follows

Amendments to IFRS 3 Business Combinations, IAS 16 Property, Plant and Equipment IAS 37 Provisions, Contingent Liabilities and Contingent Assets effective from 1 January 2022 adopted by the EU

- IFRS 3 Business Combinations – Update on references to the Conceptual Framework with amendments to IFRS 3 'Business Combinations' that update an outdated reference in IFRS 3 without significantly changing its requirements.

6. Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the Company

At the date of authorisation of these consolidated financial statements, certain new standards, amendments and interpretations to existing standards have been issued, but are not effective or adopted by the EU for the financial year beginning on 1 January 2022 and have not been adopted early by the Group. Information on those expected to be relevant to the Group's consolidated financial statements is provided below.

Management anticipates that all relevant pronouncements will be adopted in the Group's accounting policies for the first period beginning after the effective date of the pronouncement.

IFRS 17 “Insurance Contracts” effective from 1 January 2023, adopted by the EU

IFRS 17 replaces IFRS 4 “Insurance Contracts”. It requires a current measurement model where estimates are remeasured each reporting period. Contracts are measured using the building blocks of:

- discounted probability-weighted cash flows;
- an explicit risk adjustment, and
- a contractual service margin (“CSM”) representing the unearned profit of the contract which is recognised as revenue over the coverage period.

The standard allows a choice between recognising changes in discount rates either in the income statement or directly in other comprehensive income.

The new rules will affect the financial statements and key performance indicators of all entities that issue insurance contracts.

Amendments to IAS 1 Presentation of Financial Statements and IFRS Practice Statement 2: Disclosure of Accounting policies effective from 1 January 2023, adopted by the EU

The entity is required to disclose its material accounting policy information instead of its significant accounting policies, the amendments clarify that accounting policy information must be material because of its nature, even if the related amounts are immaterial. The amendments clarify that accounting policy information is material if users of an entity's financial statements would need it to understand other material information in the financial statements and if the entity discloses immaterial accounting policy information, such information shall not obscure material accounting policy information.

Amendments to IAS 8 Accounting policies, Changes in Accounting Estimates and Errors: Definition of Accounting Estimates effective from 1 January 2023, adopted by the EU

The amendments introduced the definition of accounting estimates and included other amendments to IAS 8 to help entities distinguish changes in accounting estimates from changes in accounting policies.

The amendments will help companies:

- improve accounting policy disclosures so that they provide more useful information to investors and other primary users of the financial statements; and
- distinguish changes in accounting estimates from changes in accounting policies.

Amendments to IAS 1 Presentation of Financial Statements: Classification of Liabilities as Current or Non-current effective from 1 January 2023 not yet adopted by the EU

The amendments in Classification of Liabilities as Current or Non-current affect only the presentation of liabilities in the consolidated statement of financial position — not the amount or timing of recognition of any asset, liability, income or expenses, or the information that entities disclose about those items. They:

- clarify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months and make explicit that only rights in place "at the end of the reporting period" should affect the classification of a liability;
- clarify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability; and
- make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

Amendments to IAS 12 Income Taxes: Deferred Tax related to Assets and Liabilities arising from a Single Transaction effective from 1 January 2023 not yet adopted by the EU

An entity applies the amendments to transactions that occur on or after the beginning of the earliest comparative period presented. It also, at the beginning of the earliest comparative period presented, recognizes deferred tax for all temporary differences related to leases and decommissioning obligations and recognizes the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at that date.

Amendments to IFRS 17 Insurance contracts: Initial Application of IFRS 17 and IFRS 9 – Comparative Information effective from 1 January 2023 not yet adopted by the EU

The amendment is a transition option relating to comparative information about financial assets presented on initial application of IFRS 17. The amendment is aimed at helping entities to avoid temporary accounting mismatches between financial assets and insurance contract liabilities, and therefore improve the usefulness of comparative information for users of financial statements.

IFRS 17 and IFRS 9 Financial Instruments have different transition requirements. For some insurers, these differences can cause temporary accounting mismatches between financial assets and insurance contract liabilities in the comparative information they present in their financial statements when applying IFRS 17 and IFRS 9 for the first time.

The amendment will help insurers to avoid these temporary accounting mismatches and, therefore, will improve the usefulness of comparative information for investors. It does this by providing insurers with an option for the presentation of comparative information about financial assets.

IFRS 14 “Regulatory deferral accounts” effective from 1 January 2016, not adopted by the EU

IFRS 14, “Regulatory deferral accounts” permits first-time adopters to continue to recognise amounts related to rate regulation in accordance with their previous GAAP requirements when they adopt IFRS. However, to enhance comparability with entities that already apply IFRS and do not recognise such amounts, the standard requires that the effect of rate regulation must be presented separately from other items.

7. Risk management regarding financial instruments

The Company is exposed to various types of risks with respect to its financial instruments. The most significant financial risks to which the Company is exposed are market risk, credit risk and liquidity risk.

The interim condensed financial statements do not include all the information on risk management and disclosures required in the preparation of annual financial statements and should be read in conjunction with the annual financial statements of the Company as of December 31, 2023. The objectives and policies of the Company for capital management, credit and liquidity risk are described in the last annual financial statements. There were no changes in the risk management policy for financial instruments during the period.

8. Significant events and transactions during the reporting period

The economic environment in 2024 continued to be shaped by the military conflict in Ukraine.

The group has reviewed the exposure to increased credit risk in relation to business partners operating in the affected territories, including and from the sanctions imposed. The management of the Parent Company analyses all facts and circumstances regarding the current activity and operations with these counterparties. During the period, no additional credit losses related to this risk were recognized, which is due to the conservative approach laid down in the changes in the accounting policy of the Parent Company presented in 2022.

The conflict in the Middle East, which erupted in the last quarter of 2023, also brought some uncertainty. Given the Group's holding structure and its investments in the aviation sector, a preliminary review of the data for the fourth quarter of this segment was made, where the most - a large influence, but the results show that it can be considered insignificant. The management of the Airline, part of the group, is in constant contact with insurers and the civil aviation of Israel in order to follow the real situation in a timely manner, as those suspended on October 26, 2023 were resumed with the summer schedule, or from mid-April, 2024 .

Other influences could also be accounted for by the rise, albeit not at such a rapid pace, in prices and the rise in interest rates on loans, although for Bulgaria their rise was weaker compared to the international money market.

Year-on-year inflation at the global level has declined, with the main reason for this being the reported drop in crude oil and food prices. And this, in turn, led to assessments by the ECB and the Federal Reserve not to undertake changes in their monetary policies in the short term.

9. Investments accounted for using equity method

9.1. Investments in associates

The Group owns shares in the share capital of the following associated companies:

Name	30.06.2024 BGN'000	Share %	31.12.2023 BGN'000	Share %
Lufthansa Technik Sofia OOD	7 608	24.90%	8 880	24.90%
Swissport Bulgaria	5 758	49.00%	3 836	49.00%
Silver Wings Bulgaria Ltd.	3 561	42.50%	3 649	42.50%
VTC AD	5 661	41.00%	5 203	41.00%
Kavarna Gas OOD	560	35.00%	551	35.00%
Amadeus Bulgaria OOD	555	44.99%	512	44.99%
Dufry Sofia OOD	1 553	20.00%	1 300	20.00%
	25 256		23 931	

Investments in associates are presented in the interim condensed consolidated financial statements of the Group using the equity method. Associates have a reporting date as at 30 June 2024.

9.2. Investments in joint ventures

The Group holds shares in the capital of these joint ventures:

Name	30.06.2024 BGN'000	Share %	31.12.2023 BGN'000	Share %
Nuance BG AD	2 398	50%	2 583	50%
Consortium Bulgaria Air-Direction	205	90%	205	90%
Consortium Bulgaria Air and Direction	76	70%	76	70%
Varna ferry OOD	8 817	50%	-	90%
Senshi Academy DZZD	298	70%	298	70%
	11 794		3 162	

10. Segment reporting

The management responsible for making the business decisions determines the business segments on the grounds of the types of activities, the main products and services rendered by the Group. The activities of the Group are analyzed as a whole of business segments that August vary depending on the nature and development of a certain segment by considering the influence of the risk factors, cash flows, products and market requirements.

Each business segment is managed separately as long as it requires different technologies and resources or marketing approaches. The adoption of IFRS 8 had no influence on the identification of the main business segments of the Group in comparison with those determined in the last consolidated financial statements.

According to IFRS 8 the profits reported by segments are based on the information used for the needs of the internal management reporting and is regularly reviewed from those responsible for the business decisions.

According to IFRS 8 the Group applies the same evaluation policy as in the last consolidated financial statements.

The operating segments of the Group are as follows:

- Production and trade
- Finance sector
- Transport sector
- Real estate sector and engineering

Group transactions between segments are made under market conditions.

Information about the operating segments of the Group is summarized as follows:

Operating segments
